

# Outdoors| Opening Protocols Level 2

- The key controls for all workplaces are the same for YMCA Outdoors:
- Ensure people with COVID-19 symptoms or feel generally unwell stay away from Camp.
- Maintain physical distancing.
- Enable good hygiene practices.
- Keep track of people that enter your workplace.

## Ensure people who are, or feel unwell stay away from Camp

- YMCA Outdoors staff are aware of the symptoms of Covid-19 through staff training.
- All staff and customers are asked to stay away from Camp if they are unwell or are at increased risk of severe illness from Covid-19.
- Procedures are in place to help someone who becomes unwell while at Camp
- YMCA Outdoors will follow any advice from Government agencies regarding additional actions that may be required.

## Maintain physical distancing

- YMCA Outdoors can host multiple groups at their Camps due to the layout of camp facilities and physical distancing procedures
- Gatherings greater than 100 people are allowed at YMCA Outdoors Camps if participants are from a single schools or workplace
- YMCA Outdoor facilities allow for groups to maximize physical distancing through use of outdoor spaces, cabin and communal space layout.
- Where possible activities will be run so participants and/or YMCA staff can keep appropriate physical distancing.
- People are welcome to wear face coverings while visiting with YMCA Outdoors, provided it does not create an additional risk to the wearer.

## Enable good hygiene practices

- YMCA Outdoors provides access to hand washing facilities or where this is not possible, hand sanitizer.
- Everyone is asked to wash their hands regularly during their visit.
- YMCA Outdoors provides cleaning materials and chemicals for all cleaning work to be completed.
- Facilities will continue to be cleaned to our normal high standards at the end of each group's visit,
- In addition to normal levels of cleaning required during a stay, customers are asked to do additional cleaning of high touch surfaces.
- Activity equipment, where practicable will be cleaned at least once a week in accordance with manufacturer's recommendation or placed in quarantine for at least 72 hours.

## Keep track of people

- YMCA Outdoors Camps display "NZ Covid Tracer" QR code posters.
- Contact details for staff, customers and contractors who visit YMCA Outdoors are collected and kept for at least 1 month after the visit.
