

YMCA | Operating Protocols | Level One

Let's continue to work together and support each other, and make sure our programmes operate in a way which keeps everyone in the Y whanau (members, crew, children and staff) safe.

Under Level One we no longer have distancing or group size restrictions, however we will continue with the protocols outlined here:

Contact tracing

- YMCA centres and sites will continue to display the NZ Government COVID Tracer QR code for you to scan for your records.

Cleaning

- The YMCA staff will continue to maintain good hygiene levels within our centres. This may mean session times continue to be slightly reduced in order to give them time to clean after each session.
- We ask that all members continue to help with cleaning of any shared equipment before and after use.
- We request that all fitness participants bring their own workout towel with them.

Social distancing

- There are no longer any distancing requirements under Level One, however we encourage people to do what makes them feel comfortable within our centres, space permitting.
- We welcome anyone to continue wearing a mask if they wish.

Personal health

- If you are unwell, please do not come into our YMCA centres or sites. Likewise, if your child is unwell, please do not bring them to a YMCA centre or site.
- All YMCA staff will be following the same requirements.

General

- Please follow the directions of our staff. We have the right to request anyone not following instructions to leave our centre.
- The YMCA is here to help, and we welcome any feedback or queries. Contact details can be found on our website:
